XO Time – week 3

XO Kazubwenge
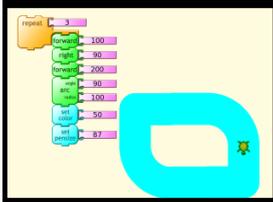

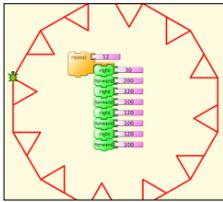

Hello my friends!
You did a very good job in Turtle Art! My King was right when he told me that Rwanda's students are very smart!
*Remember, you can find all my letters to you here: http://wiki.laptop.org/go/XO_Time
  Today I am sharing some of the projects that I received from you last week:
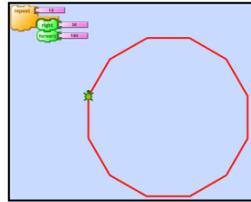

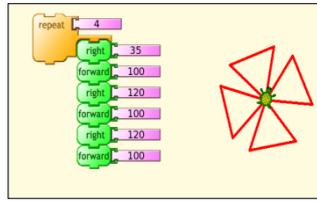

Sandrine
Kagugu Primary School

John Bosco
Kagugu Primary School

Pascaline
*Kagugu Primary School*

Mars
Kagugu Primary School

Thank you!

This week my challenge was to teach the Turtle to draw my name. Look! I did it!

Script to draw the letter X.

Script to draw the letter O.

-> Can you figure out another way to do the same?

TurtleArt brings together art, math, and programming. Programming involves dragging, dropping and connecting puzzle piece shaped blocks. Math is used to create and explore pattern, shape and texture and art is the result.

My challenge for you is to: **teach the Turtle to draw your name and sent it to me.** This way, I can learn all of your names! Are you able to figure out how to do it?

I know this can be hard, so if you cannot draw your whole name, that is okay, just a few letters would be nice. Remember to use beautiful colors!

YOU CAN FIND HELP WITH MY FRIENDS FROM OLPC
SATURDAY, JULY 18, 1:00-3:00pm AT MTN CENTER AT BOURBON CAFÉ
(just look for people with XOs)
Bring your XO!!!

To send me your work:
Once you are done, save your work, by pressing "keep." This will save your project to the journal. Once you have saved, click on your journal. You should see your project as the most recent on the list. It should be called "turtle art activity" click on this writing and change the name to your name.
Then find a location with Internet access and log onto your email. Open a new message and click "attach file" or "attachment," etc. You should look for your project. Double click on your project, so that it is attached to your email. Write anything in the message that you want me to know about you. For example, how old are you? What grade are you in? Which school do you study? Once you are done, send your email to:
xo@laptop.org
